HEAD START'S COMMUNITY EDUCATION PLAN

Port Graham's Head Start parents developed an education plan. This plan describes what they would like to see happening in their classroom that will reflect the values of our community and meet the educational goals we have for our children.

Parents that have contributed are Pam Breedlove, Bobbie McMullen, Melvin Malchoff and Polly Moonin. Also, our local Head Start Teacher Rita Meganack.

In the Head Start Education Plan they identified that we live in a small isolated community with about 150 people reside. The native language is Sugpiaq. There is concern of losing our culture, language and heritage. Some families work with their children on learning cultural activities such as subsistence, language and the old ways together. Community values identified were since we live in a small community we're in tuned to our surroundings. Subsistence fishing and hunting is important. We have fluent Sugpiaq speakers and story tellers of our past. Our native language is important to our community. We value Russian Christmas, New Years and Easter.

The following are activities identified to teach our children values at home and Head Start. Sugstun Language, Aleut Dance, Subsistence Life-style, Native Youth Olympics, teach respect for Elders, Russian Orthodox Holiday Traditions, Teach Slavic Songs, Subsistence fishing and hunting, teach children to have manners for all relatives and neighboring villages.

There are a lot of Elders, local artists, hunters and fishermen that have knowledge to teach to our children these values and traditions. I hope that you will become a part of their education by helping our local Head Start Program here in Port Graham.

If you would like to be involved with activities at Head Start please give Rita Meganack a call at the Head Start Office #284-2276 or at home #284-2265.
