DECEMBER 2008

SCHOLARSHIP OPPORTUNITIES

Do you have kids that have or will be graduating from High School? There are a few scholarship opportunity packages here at the Community Center to help get funding for that higher education.

Currently there are opportunities from Alaska Native Tribal Health Consortium, Bill and Melinda Gates Foundation, The CIRI Foundation, and Indian Health Service. Scholarship packages are located on the table as you enter the building by the Post Office.

HOW BAZAAR, HOW BAZAAR

Yes folks it's that time of year when we get our goods together and have a community bazaar. This year Jim Miller informs me that it will be the **Hanukkah Bazaar**. It will be hosted by the Port Graham Village Council here at the Community Center on December 22nd (Hanukkah) from 12:00 noon till 3:00pm.

This is a great opportunity to buy, sell or trade Native subsistence food or baked goods. It is also a chance to buy or sell arts and crafts just before the Christmas rush.

Family portraits, individual portraits and children's will be available at that time. A series of photographs will be taken, edited and the best one chosen to print. A free digital copy will be sent via e-mail to who ever wants. Additional hard copy prints will be available. These photos will become part of Port Graham's archive collection.

Letter to the editor:

Coral Ecosystems and Reef Creatures

Hunting for octopus is a notable tragedy. Some subsistence fishermen will squirt a small amount of Clorox (with water mixed sometimes) into the octopus hole which immediately causes the octopus to come out and be caught. In the fisherman's mind this does not damage the reef, but of course the Clorox does considerable damage to the reef and kills everything in the hole and surrounding area. If this abuse is done long enough, the octopus lair will become barren of all life.

Some residents say..."I've been doing this for years, this is how I was taught.. I wont change my ways..." If this continues... We in PORT GRAHAM VILLAGE will not have any more octopus to hunt in our area. Please tell all subsistence gathers be considerate of our residents who love to hunt octopus and keep our beautiful bay clean and healthy for our subsistence gathering!

Solution???? USE fresh water.... The octopus does not like fresh water and will come out of the hole if when fresh water enters! Help save our bay and pass the word on!

-Lydia McMullen

HOLIDAY CHURCH SCHEDULES:

St. Herman's Orthodox Church

December 18th -Vespers at 6:00pm

PAGE 6 KALIKARPET

Port Graham School Activity Schedule:

December 10th -

Project Grad Family Night
From 6:00pm—8:00pm

December 10th -

Site Base Meeting
Starts at 7:00pm

December 24th—26th - NO SCHOOL

December 30th Skit/Talent Show Night
Starts at 7:00pm

January 1st—19th -Christmas Vacation

Please call the school at #284-2210 if you have any questions or concerns. Have a safe and happy holiday sea-

Subsistence Calendars:

Please turn in your 2008 Subsistence Calendars. We need them turned in by the end of the year.

It is important that all of you that acquired your subsistence permit and calendars to turn them in with your catch numbers.

The reason is that this

shows the Department of Fish and Game that we are active subsistence users and we can manage our own natural resources. If we don't show we use subsistence they can allocate (give) our catch to the Sport and Commercial fishermen.

CHR?

Darlene Anahonak is Port Graham Village Councils CHR (Community Health Representative). She is assisting elders with day to day needs. If you are an **elder** and need assistance please contact or office and leave a message at #284-2227 and Darlene will get back to you as soon as she can.

Behavioral Health message from Gina:

The US Department of Health and Human Services defines health literacy as the degree to which individuals have the capacity to obtain, process, and understand basic health information and services needed to make appropriate health decisions. (Go to the clinic and follow the directives.)

In 1979 behavioral health emerged as that aspect of behavioral medicine promoting a philosophy of health that stresses individual responsibility in the application of behavioral and biomedical science, knowledge and techniques to the maintenance of health and the prevention of illness and dysfunction by a variety of self-initiated individual or shared activities.

Mental health is a term used to describe either a level of cognitive or emotional wellbeing or an absence of a mental disorder. From perspectives of the discipline of positive psychology or holism mental health may include an individual's ability to enjoy life and procure a balance between life activities and efforts to achieve psychological resilience.

The World Health Organization defines mental health as "a state of well-being in which the individual realizes his or her own abilities, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to his or her community." It was previously stated that there was no one "official" definition of mental health. Cultural differences, subjective assessments, and competing professional theories all affect how "mental health" is defined.

A holistic model of mental health generally includes concepts based upon an-

thropological, educational, psychological, religious and sociological perspectives, as well as theoretical perspectives from personality, social, clinical, health and developmental psychology.

An example of a wellness model includes on developed by Myers, Sweeny and Witmer. It includes five life tasksessence or spirituality, work and leisure, friendship, love and selfdirection—and twelve sub tasks sense of worth, sense of control, realistic beliefs, emotional awareness and coping, problem solving and creativity, sense of humor, nutrition, exercise, self care, stress management, gender identity, and cultural identity—are identified as characteristics of healthy functioning and a major component of wellness. The components provide a means of responding to the circumstances of life in a manner that promotes healthy functioning.

If you need to know what all this means and to assess your own mental wellness, you can call Gina or Chris at #1-866-235-0577.

Gina will aim to be in Port Graham in December on these dates:

December 2nd and 3rd

December 9th and 10th
December 16th and 17th

December 23rd and 24th

 Note that Gina will be on vacation from January 14th through February 4th, 2009.

Chris's Schedule:

Tuesday(s)—11:30pm—2:30pm

Thursday(s)—All Day
